- Business Intelligence Analyst
- BI Developer
- Data Visualization Specialist
- SQL Developer / Database Analyst
- Reporting Analyst
- Data Scientist
- Machine Learning Engineer
- Analytics Consultant
- Data Engineer
- Predictive Modelling Analyst
- AI/ML Product Analyst

STUDENT SUCCESS STORIES

What Our Graduates Say

This program transformed my career completely. I went from working in basic admin roles to landing a Lead Data Scientist position at a leading fintech company in Nairobi. The hands-on projects with real datasets and the evening schedule made it possible to learn while working. The instructors were patient and explained complex concepts like machine learning in ways I could actually understand and apply. Best investment I've made in myself

— Sarah Mwangi
Lead Data Scientist

HOW TO REGISTER

3 Simple Steps to Get Started

1

Express Interest

Contact us via WhatsApp, calls, email, or our website to indicate your interest.

2

Complete Assessment

Take a short online quiz to help us understand your current level.

3

Make Payment

Pay minimum KES 10,000 via M-Pesa Paybill or Bank to secure your spot.

REGISTRATION DEADLINE: 2nd October 2026 | Program Starts: 6th October, 2026

TOOLS & TECHNOLOGIES

Industry-Standard Tools You'll Master

Python • SQL • Excel • Power BI • Tableau • Pandas • NumPy • Scikit-Learn • TensorFlow
• Jupyter Notebooks • Git • Azure ML • Google Colab • DAX • Apache Spark

WHY CHOOSE DATA BREED AFRICA?

- ✓ Evening-friendly schedule (7:30–9:30 PM)
- ✓ Hands-on projects with real datasets
- ✓ Industry-experienced instructors
- ✓ Career support & job placement assistance
- ✓ Flexible payment plans (start with KES 10,000)
- ✓ Online classes — learn from anywhere
- ✓ Small class sizes for personalized attention
- ✓ Certificate of completion
